

Aspire Plus Easter 2020

Aspire Plus Easter 2020 update: we have completed the first two days of our Easter programme and they have been a very paint filled couple of days. Firstly, re-painting the Motor Vehicle containers and then our pupils from both @Witton Middle School and @Pershore High School have worked towards their introduction to Painting & Decorating AQA unit awards by painting our student reception area.

Tomorrow we welcome back some pupils, who we haven't seen for a few weeks, to begin a special project on site.

We remain open for students that need us and will continue to add more pictures as we go.

Aspire Plus Easter 2020 update: week two of Aspire Plus has been even busier than the first! Yesterday we welcomed back two more pupils and that looks to rise again today. Our attendees have engaged in a variety of activities whilst maintaining their social distancing.

You will see that our KS4 lads were busy cooking brownies whilst the girls were hard at work with putting the ground work in for our possible new arrivals **#BWARK**

This week has been a real team effort with many members of staff volunteering their time to ensure that our students have been informed, educated and entertained **#Teamwork**

Some photos from our pyjama fun day on Friday, raising money for KEMP Hospice.
